

*Hello Healers,*

*We are very excited about a few new courses at Healing Hands:*

*Shana Lipner's new "Herbal Certificate Program" is composed of four 25-hour modules; one each quarter. Each module focuses on local medicinal herbs that are seasonally available. Shana's vast experience in the physiological benefits of herbs, in making herbal preparations, and in finding the plants in the field make this program fun, practical and packed with healing information. Come join us for Shana's 'Fall Herb' class!*

*In our new "Community Service Clinical Practicum" students of massage therapy and holistic health are placed with a population group of choice. Are you interested in working with the elderly? Or, perhaps with people recovering from substance abuse? Would you like to intern in a spa, salon, or clinic? Your instructor, Paula Curtiss will help place you, help you design your project, and help you to fulfill your plan of sharing your work with the population group of our choice. Let's get our work out to our community!*

*Pilar Chandler is teaching amazing healing techniques incorporated in the Assisted PNF Stretching course. Both as an athlete and as Sports Massage instructor, Pilar's experience with the profoundly therapeutic system of Proprioceptive Neural Facilitation can be invaluable for the serious massage therapist. Come to class prepared to learn how to fix those muscles!*

*Please join us as we congratulate Will Tonn, Jennifer Nagy, Carolyn Hinckley, Maria Fletcher, and Nina Bhoot. Each student comes to Healing Hands for their unique and individual reason. Some students have been studying healing their whole lives and*

*now seek a more formal education; some come with a business plan in mind, and some come from an inner sense of curiosity about the body's ability to heal. This semester's Holistic Health Practitioner graduates are the students who have had the fortitude to learn their hands-on skills, learn the anatomy and physiology of the body, and hone their powers of compassion. We wish you great success and happiness in this new and exciting field of Holistic Health!*

*In Peace,*

*Paula & Neha and all of us at Healing Hands*
